Tio George has an amazing Outlook, I have a lot better feelings about moving forward. I expect a more harmonious relationship between my daughter and her mother.

I learned a lot during this parenting seminar and would definitely recommend joining it even if you think you don't need it

I recommend the course. Being able to take the course online allowed me to do it while still taking care of my children. The instructor was very engaging and provided lots of resources for further help. The class was actually very interesting that the hours flew by. Very appreciative for the help and advice!

This class shares good information and creates a foundation for successful co-parenting. I recommend this class for anyone who is in a position to guide children toward their future.

Tio Jorge was a very informative instructor, and engaged with the participants well. The break rooms and varying methods of giving the information ensured it wasn't boring. Im looking forward to instilling some of the principles i learned today. Highly recommend this class to any parents that are split and/or co-parenting
